Benefits of a New Monument Mountain Regional High School

Pride + Unity

Community Investment

A shared regional asset.

- Only Berkshire County high school not yet replaced—until now
- Auditorium, gym, and fields for community use
- Investing in our students to enrich the local workforce / Force multiplier
- 50–75-year investment in education, economy, and civic life
- Accessible, public-facing CTE programs servicing the community

Stewardship

Sustainability + Efficiency

Designed for the future.

- All-electric, net zero energy capable, groundsource heat pumps
- Targets EUI 25, solar-ready, and climateresilient
- Lower utility and maintenance costs
- Sustainability integrated into student learning
- A model for green public buildings in Massachusetts

Fiscal Responsibility

Cost Stability + Long-Term Financing

Same cost as repairs, far greater value.

- Same cost as repairs alone—\$89M local share
- \$61M MSBA reimbursement
- \$1.6M MassSave incentives
- Predictable, efficient operations, no more emergency patching
- Once-in-a-generation opportunity for state funding

NEW MONUMENT MOUNTAIN REGIONAL HIGH SCHOOL

An investment in our students, our community, and our future.

Vote November 4, 2025

Urgency + Wellbeing

Health + Safety

Safe, healthy, welcoming.

- Fully sprinklered, code-compliant, and ADA accessible
- Safer traffic flow and improved campus access
- Secure single main entrance and improved site circulation
- Healthy air, natural light, and modern HVAC systems
- Replaces end-of-life infrastructure from 1968
- Promotes belonging for every student
- New construction is the least disruptive option for students and staff

Investing in Our Future

Educational Excellence

Built for modern learning.

- Designed for 485 students: right sized, enriched programming
- Flexible, collaborative classrooms & labs
- Updated science, art, and AP spaces
- Expanded Career & Tech Ed (Auto, Horticulture, Early Childhood, Electricity)
- Innovation Pathways in Health, Business, Manufacturing
- Accessible, inclusive, and designed for ALL learners

Empowering Our Workforce

Career + Technical Education (CTE)

Preparing students for local careers.

- Expands Auto, Horticulture, and Early Childhood programs and adds a new Electricity program
- Force multiplier
- Innovation Pathways connect students with regional industries
- Enhanced spaces for music, arts, wellness, and performance
- Strengthens partnerships with local employers and trades
